

## Andy Goldsworthy – Natural art

*These pictures are of art created, or inspired by, Andy Goldsworthy.*

*Before you go outside have a think about the colours you will be able to find. Will you be able to find the colours you normally paint with?*

*When you have finished your art, think about how you were successful. What went well? What would you change next time? Is this easier or harder than using paint or pencils to create art?*
