

/shus/ sort

Can you sort the **root words** into the table according to their **/shus/** ending? Copy out the root word then add **'-cious'** or **'-tious'**. Some words have no clear root word so you must fill in the ending yourself to sort them. The first one has been done for you.

Remember- if the root word ends with **'ce'**, it usually uses **'-cious'**.
If the root word ends with or can end with **'tion'**, it usually uses **'-tious'**.
Beware of the exception words!
