

# How to make a Christingle

**1** Make sure adults supervise young children throughout.

**3** Take an orange and fasten a piece of red sticky tape around the middle.

**5** Place a candle on top of the foil and wedge it firmly into the orange (the foil should catch the hot wax as it drips).

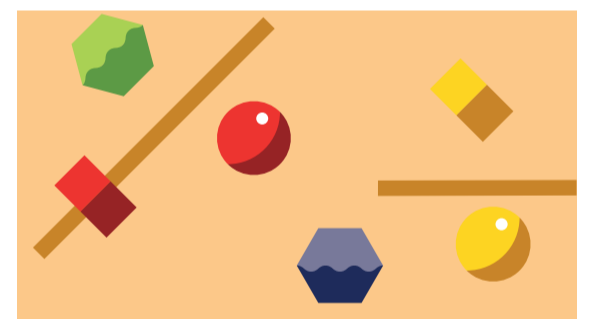

Store your Christingles upright in a cool place. Don't make them too far in advance as they don't keep for long.

**2** Encourage everyone to wash their hands before handling the sweets and fruit.

**4** Cut a small cross in the top of the orange and lay a square of silver foil (75mm or 3 inches square) over it.

**6** Load four cocktail sticks with a mixture of dried fruits or sweets so that the points are covered, and insert around the base of the orange.

**Christingle**
