

Lesson 1

As a COLD piece of writing, use the picture below to write a mystery story. Think about all the features of a story and how mystery stories are so suspenseful.

Lesson 2

Lesson 3 and 4

Use the 5 senses, expanded noun phrases and amazing adjectives to describe the scene below. Here is an example:

Grainy, glistening sand shimmered in the sunlit sky. Beside the strange man, a damaged and ruined car was a rather strange sight. Despite there being a damaged vehicle, the man was as serene and calm as a dove. Prickly cactus stood tall and prim staring at the man who was waiting patiently for his next ride.

Monumental mountains towered over the chaos, which the man had created.

Lesson 5

Describe the driver using the resources on the class pages.
