

## M.F.L.

To boost our Maths, we are going to be looking at time en Français this week. Follow the link!

<https://www.french-games.net/frenchlessons?topic=Time%20-%20what%20time%20is%20it?&level=primary>

The image shows a screenshot of the French Games website interface. At the top, there is a navigation bar with four main sections: "1. Start", "2. Lessons", "3. Games", and "4. Tests", each with a right-pointing arrow. A small French flag icon is next to "1. Start", and a "V" icon is next to "4. Tests". Below the navigation bar is a large green panel titled "SELECT AN OPTION". Inside this panel, there are four main options: "FULL TUTORIAL All activities" with a person icon, "INTRODUCTION" with a person icon, "No tutorial thanks GO TO THE GAMES" with a person icon, and "topics" with a person icon. A large white arrow points upwards from the "topics" option towards the "FULL TUTORIAL" option. On the left side of the green panel, there is a small "i" icon and a "?" icon. At the bottom of the green panel, there is a "Cafe" icon and a "Choose your tutorial from the options" button. Two callout boxes are present: one on the left says "Once you have completed the tutorial and you are confident with the vocabulary, have a go at a game, or even a test." and one on the right says "Click on the tutorial button".

1. Start 2. Lessons 3. Games 4. Tests
