

Science

In Science, we're going to continue our topic on "Light 2".

For this week, log onto Century Tech (century.tech) and find the "My Path" tab. Under "Due Assignments" at the bottom right of the page you will see a task. This will be to complete the assignment titled "Tues 7 July - Science – Light 2".

This is the Century Tech home page. You should see this when you log on.

This is the "My Path" tab

This is the "Due Assignments" box. Your Science task will appear here.

The screenshot shows the Century Tech interface. At the top, it says "John's Recommended Path" with a help icon. Below this are five task cards, each with a person icon, a subject label, and a title: "6 Light Diagnostic" (Science, START button), "Sources of Light" (Science), "Using Light to See" (Science), "Protecting Your Eyes" (Science), and "Diagnostic: Additi Subtractor" (Mathematics). Below the tasks is a "Due Assignments" section with a table:

Subject	Material	Due
Science	Nugget	Tomorrow

Below the table, it says "Science - Tuesday 24th March 2020". To the right is a "Did you know?" section with a question: "Compared to a snail's pace, how quickly do electrons flow down a copper wire?". At the bottom, there is a "CENTURY" logo and a mood indicator "I am feeling happy" with a smiley face icon.
