### Writing a rap

Go to <https://charanga.com/site/writing-rap-free-resources-competitions/>

and follow the steps to write your own rap about an issue close to you.

Use the backing beat to help you and listen to the tips about finding some subject specific words and some rhymes before you start.

If you finish, and you can video your track, then please e-mail it to [secretary@binfieldschool.com](mailto:secretary@binfieldschool.com) as we'd love to see them! 😊

Have fun!
