

## R.E. Activities 1.6.20

### Predestination in Islam

Please have a look at the PPT presentation noting down the key terminology.

Answer the following questions:

1. Give the correct definitions for: predestination, angels, Day of Judgement, Jibril and Mika'il.
2. Explain the Muslim idea of predestination.
3. 'Predestination means that humans have no freedom'. Do you agree? Why? Be sure to include more than one point of view and refer to Muslim teachings in your answer.

Once you've finished the task above, create a **Islamic Vocabulary book**. Use the terms in the PPT to help you, leave some empty pages for any new words you come across over the couple of weeks. Think about using some of the vocabulary in the video on Ramadan where Mrs Ahmed explained what fasting is and how she prays at home.
