The first video shows some children talking about worries they had before they began secondary school, and how they overcame those worries. In the second video, a secondary school pupil gives some advice to his younger self. In the third video a secondary school pupil interviews his head teacher. In the last video, some secondary school pupils talk about aspects of school that they enjoy.

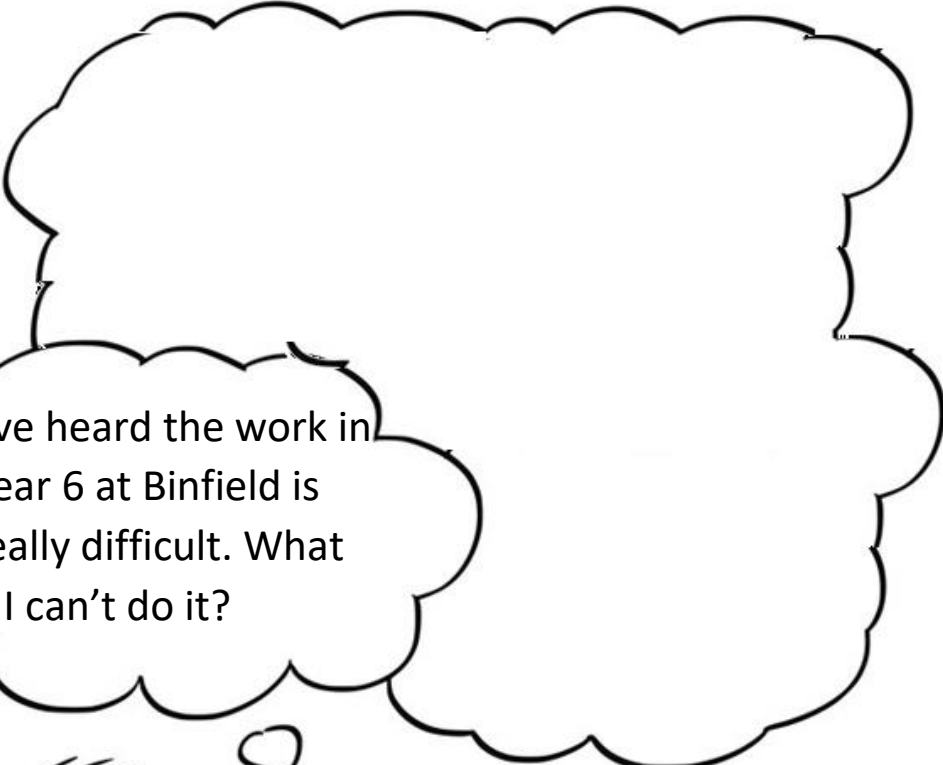

Now complete the following tasks:

Part 1

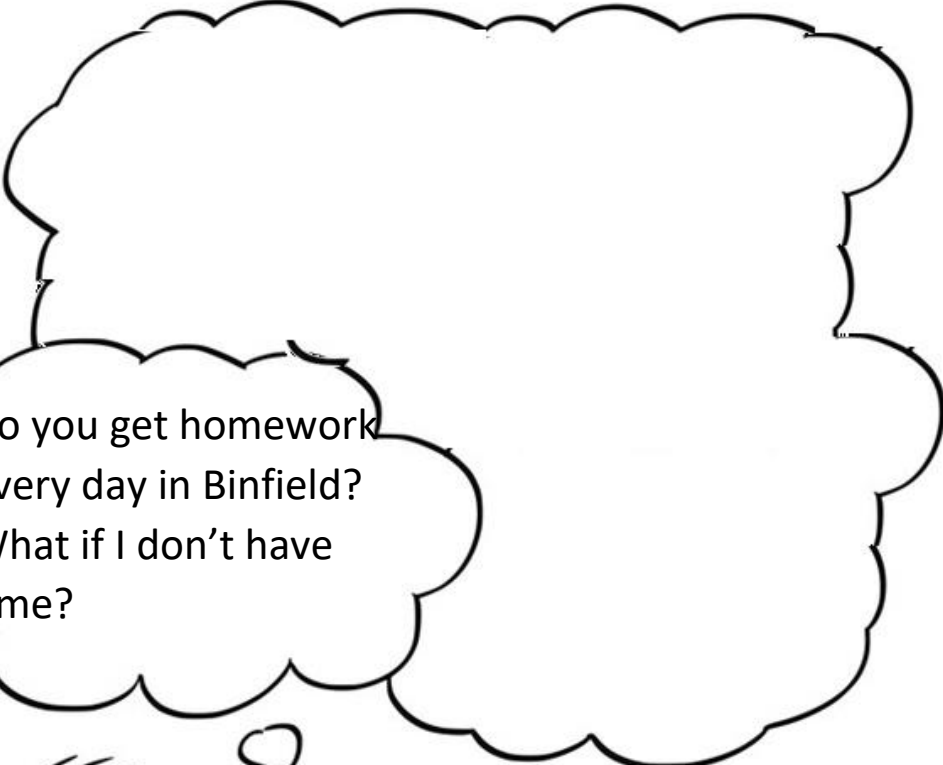

Imagine there is a Year 6 pupil from a different school, who you are friends with. They are worried about joining Binfield School and want to talk to you about it.

Fill in the spaces below with the advice you would give them.

I've heard the work in
Year 6 at Binfield is
really difficult. What
if I can't do it?

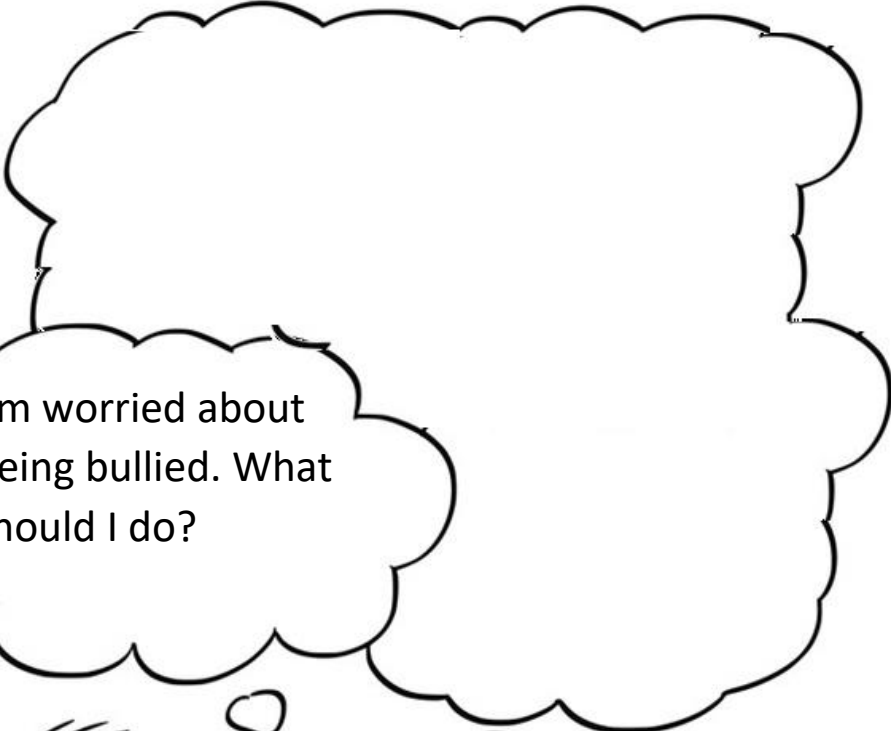

Do you get homework
every day in Binfield?
What if I don't have
time?

I don't have any
friends at Binfield.
What if I don't make
any?

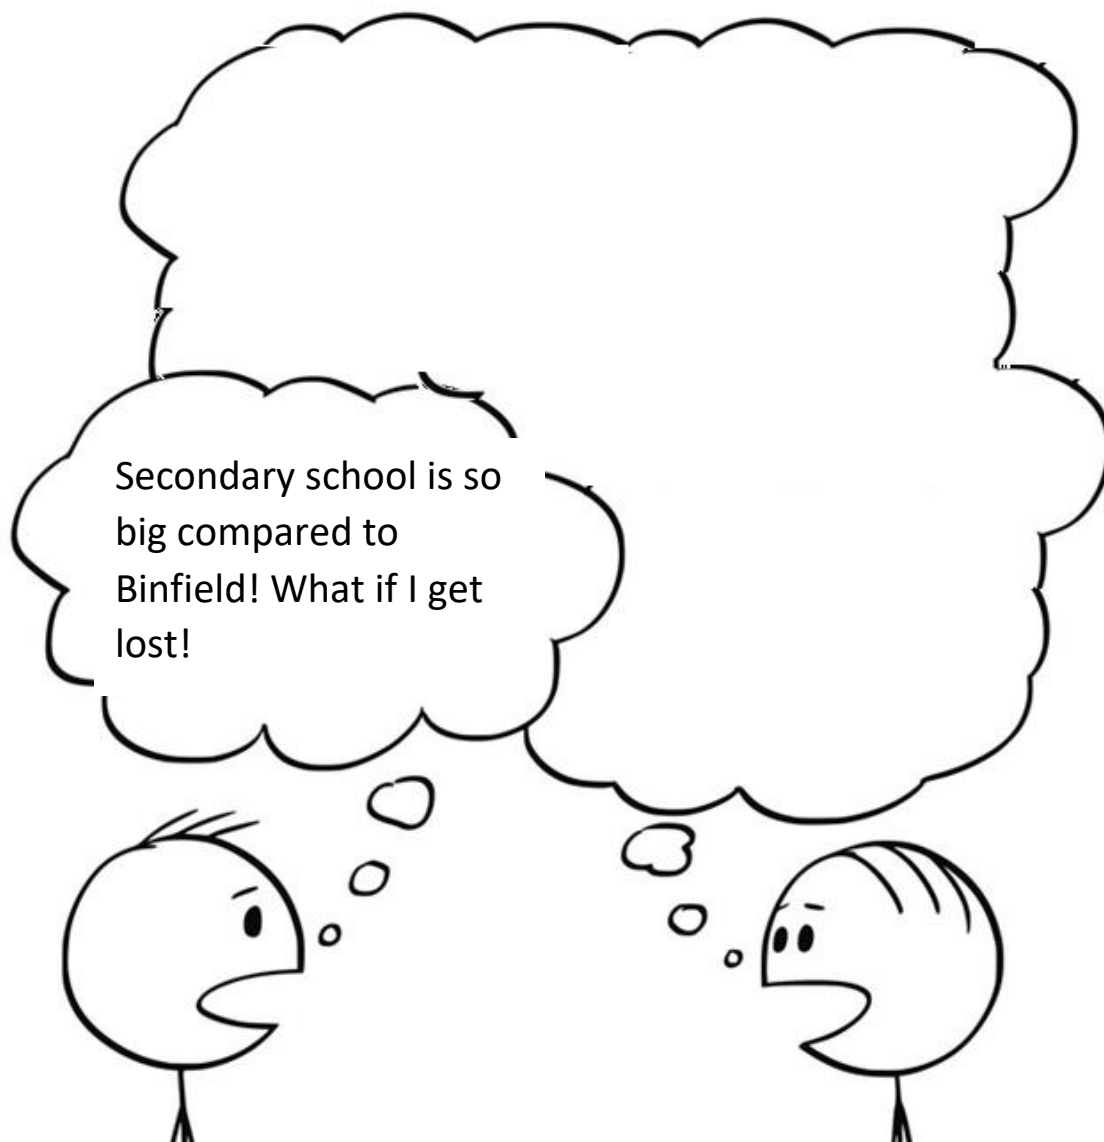

I'm worried about
being bullied. What
should I do?

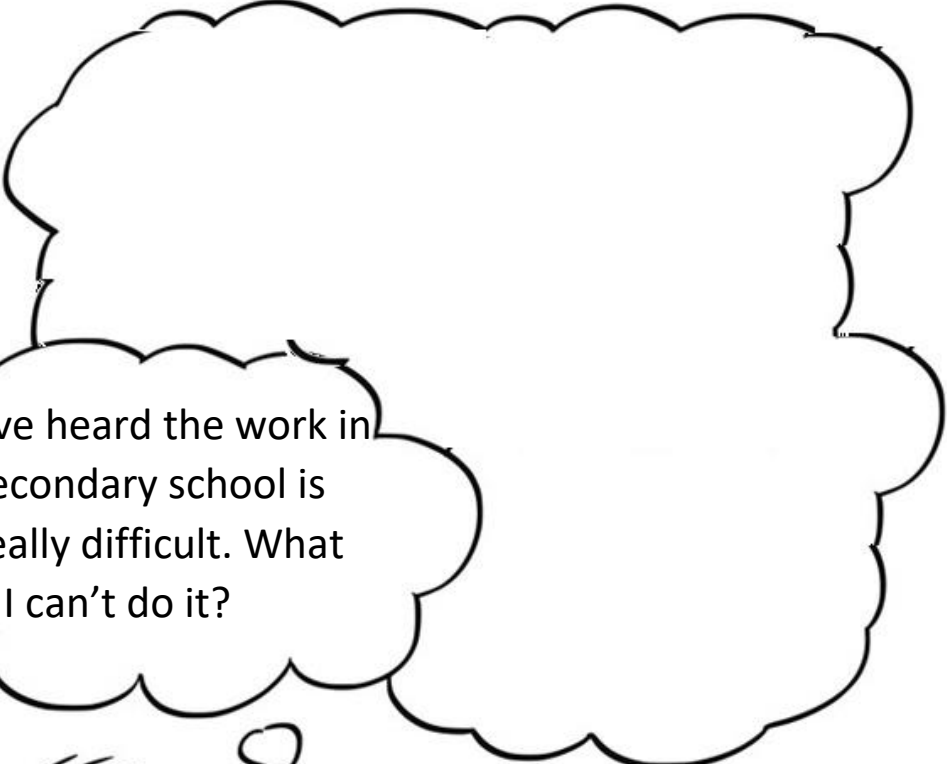

Part 2

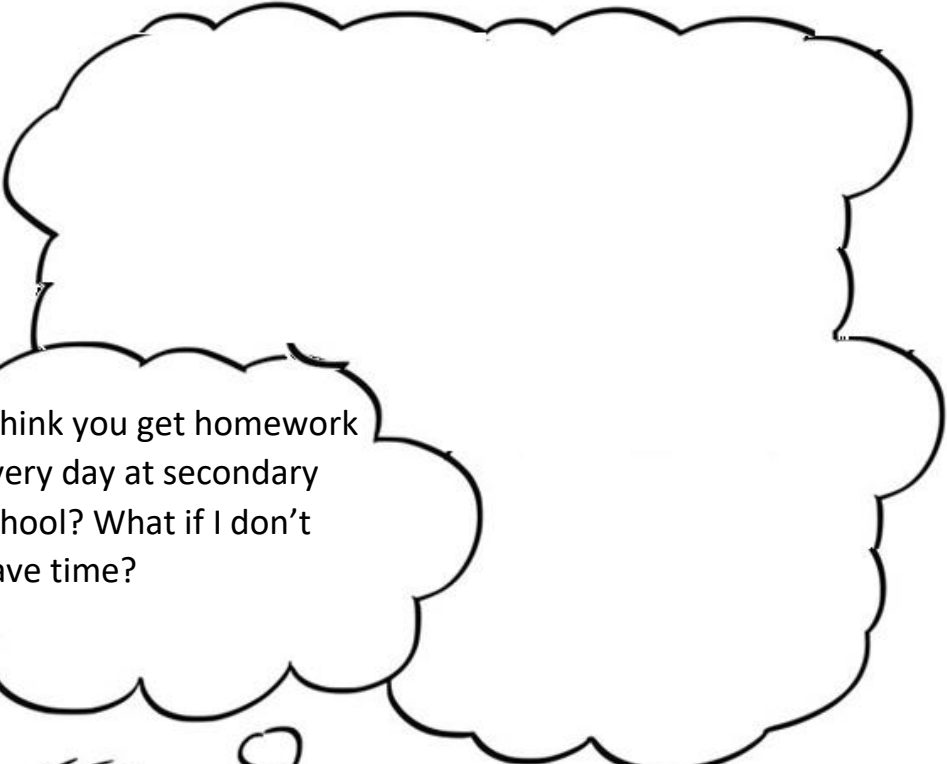

Now, imagine you are having a conversation with a friend about secondary school. They are worried about starting a new school and want to talk to you about it. You want to help them.

Fill in the spaces below with the advice you would give them. You might want to re-watch the videos, or use your answers to Part 1 to help you.
