

Science

In Science, we're continuing our work on electricity. This week we're going to begin a new topic of "Evolution and Inheritance".

For this week, log onto Century Tech (century.tech) and find the "My Path" tab. Under "Due Assignments" at the bottom right of the page you will see a task. This will be to complete the assignment titled "Tues 9 June- Science - Evolution and Inheritance 1".

This is the Century Tech home page. You should see this when you log on.

This is the "My Path" tab

This is the "Due Assignments" box. Your Science task will appear here.

The screenshot shows the Century Tech interface. At the top, it says "John's Recommended Path" with a help icon. Below this are five circular icons representing different subjects: Science (6 Light Diagnostic), Science (Sources of Light), Science (Using Light to See), Science (Protecting Your Eyes), and Mathematics (Diagnostic: Additi Subtractor). A "START" button is visible under the first Science icon. Below the recommended path is a "Due Assignments" section with a table:

Subject	Material	Due
Science	Nugget	Tomorrow

The "Due Assignments" table shows a task for Science due tomorrow. Below the table is a "Did you know?" section with a question: "Compared to a snail's pace, how quickly do electrons flow down a copper wire?". At the bottom of the page, there is a "CENTURY" logo and a "I am feeling happy" button with a smiley face icon.
