

## Music Activities

Go to <https://www.youtube.com/watch?v=uCZ3qOnNOsk> and watch the video on how to name notes on a staff.

Test yourself with the Spelling bee sheet:

**Spelling Bee**  
Treble Clef

Write the correct letter name below each note to spell words.

The worksheet features four musical staves, each with a treble clef. Each staff contains two groups of notes. Below each group of notes is a horizontal line for writing the letter name. The notes on the staves are as follows:

- Staff 1: Group 1 (bottom line, first space, second space, second line); Group 2 (second space, first space, bottom line).
- Staff 2: Group 1 (first space, second space, second line, third line); Group 2 (bottom line, first space, second space).
- Staff 3: Group 1 (first space, second space, second line); Group 2 (second space, first space, second space, second line).
- Staff 4: Group 1 (first space, second space, second line); Group 2 (second space, first space, second space, second line).

Then, design a poster to teach other Y5 / Y6 children how to name the notes on a staff. Include line notes and space notes for the treble clef.

**EXTENSION:** Can you design a teaching poster for the bass clef?
