FACTS vs OPINION

The fact is described as the statement that can be verified or proved to be true. Opinion is a person's own views or belief about something.

COPYRIGHT

It is a law that gives the owner of a piece of work the right to decide what other people can do with it.

SAFE SEARCH

When safe search is on, the search engine will hide websites with inappropriate information which could be upsetting.

PLAGIARISM

Copying someone else's work and saying it is your own.

SEARCH ENGINE

Search engines are special websites that make it easy for you to find a website or page in an instant.
